

JA Career Adventures

PROGRAM BRIEF

About

JA Career Adventures is a digital program that encourages 6th-grade students to think about what and who they want to be when they grow up. Through lessons aligned with state learning standards, JA Career Adventures tells a story for each student... their story, written by them!

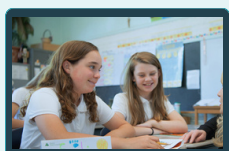

What to Expect

- Alignment with state financial literacy standards and Career Connections
- Lessons about personal reflection, financial literacy, and career exploration
- Fun gifs, videos, and activities
- Flexible delivery options; teacher-led or student-self-guided
- Optional voice-over narration
- Vocabulary, content quizzes, and optional homework
- Diverse teacher iconography
- Positive, confidence-building language
- Pre- and post-test assessments

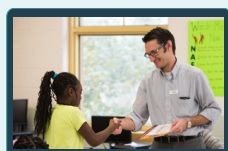

Student Experience

Learn Concepts

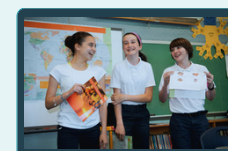

- Soft skills vs. hard skills
- Wants vs. needs
- Earnings vs. savings
- Spending habits
- Budgeting
- Credit score

Practice Skills

- Personal Reflection
- Data gathering & analysis
- Decision making
- Mathematics
- Oral and written communication

Reflect

- The intersection of students' personality, skills, interests and values can lead them to a successful and rewarding career.
