

What is the Volunteer Champions Committee (VCC)

This board committee recruits volunteers to offer JA programs to central Ohio students. Committee members, or “Volunteer Champions”, amplify Junior Achievement’s message by connecting JA to their professional networks. The committee is comprised of over 50 members, and has unlimited growth potential.

The Role of a Volunteer Champion

Recruit JA volunteers from your network by acting as a liaison, organizing informational and volunteer training sessions, and collaborating with your organization's leaders to set community engagement goals for JA's programming.

The Time Commitment

- Attend a brief (30-min) monthly Teams meeting
- Enjoy occasional informal social gatherings
- Participate in workshops to brainstorm and share best practices
