

JA BizTown

VOLUNTEER INFORMATION

About JA BizTown

After learning about money, businesses, and jobs at school, 5th graders enjoy a visit to JA BizTown, where they experience being an adult for the day. Volunteers guide students as they operate banks, manage restaurants, write checks, and vote for mayor, helping students connect the dots between what they learn in school and the real world.

The Volunteer Experience

JA BizTown volunteers are trained on the morning of the event by JA staff and are supported by them throughout the day. No previous experience is needed!

JA volunteers enjoy the feeling of making a difference by guiding students through a day in the life of an adult.

Organizations who partner with JA for group volunteering events view the experience as both a professional development opportunity for individuals and a team-building exercise for the group.
